

CASE STUDY

Elevating Office Collaboration with High-Performance LED Displays

AET, a leading LED display manufacturer, successfully installed its cutting-edge displays in the office of Cheonghae L&S in Korea.

PRODUCT INFORMATION

AET's AT Series 55" QCOB P1.26mm displays were installed in a 3.29 m² area. Screen size: 2.42m (W) x 1.36m (H) | 2419.2mm x 1360.8mm
Features QCOB technology for enhanced durability, contrast, and seamless viewing..

CHALLENGES

The team needed to deliver a high-resolution display suitable for close-range office viewing, ensuring sharp text readability for documents and presentations without causing visual fatigue.

REQUIREMENTS

.Cheonghae L&S required a reliable, space-efficient display solution to enhance daily office collaboration, support data-rich presentations, and maintain a clean, professional workspace aesthetic.
